2012

Summer should be here!

Ask Glenn?

I was recently asked a question -

Why are you called Oak Business Services Ltd?

Well to answer -

In 1993 I started a small office cleaning business, we soon started to get requests for clearing waste, arranging shredding and to move offices around. The name was Bournemouth Cleaning Services. To coincide with incorporation into a limited company we chose Oak Business Services Limited, no real particular reason for this, we are more commonly known as Oak Services nowadays.

Confidential Waste
destruction
waste clearance
hazardous waste
Crate Hire
BUSINESS
relocations

Look out for the new arrival!

It took some months to arrive, but we have finally taken delivery of our new van. So, after a minor spelling mistake by the sign writers, we are now out on the road collecting waste, confidential waste and moving things around for clients as usual. Normal service is resumed!

Don't get flooded out of your car park!

We are pleased to announce the launch of a new service aimed at helping you prevent car park flooding due to blocked gully's and debris build-up.

Keeping the rainwater gully's clear of debris build-up and maintaining a well swept and weed free car park can help prevent car park flooding and with the recent 'hose pipe ban' coming to an end due to the lovely summer weather that we have been having, now is the time to attend to these issues.

Our service costs as little as £20.00 + vat per visit and can save a lot of time and money in the long term. Call or email now for more details!

Another successful clearance is complete!

We have recently completed the clearance of over two and a half floors of office space in the centre of Poole for a local client, following the relocation of over 300 staff to a new location in Bournemouth, which we also carried out on their behalf!

With over 18,600 square feet of space to be cleared of all furniture and waste in a very tight deadline of just 2 weeks. All was achieved to the complete satisfaction of our client.

As much of the furniture as possible was either directly or indirectly recycled.

It is often part of a relocation project that is overlooked, but Oak Services are ideal partners for the 'complete relocation and clearance project', helping you meet any deadline of handing the properties back to landlords or prior to selling or renting to new tenants.

Call Oak Services first, we are here to help!

Vacant Property Services

Clearing of all waste
Boarding up services
Regular inspections
Key holding services
Security site fencing
Pre Demolition clearances
Property strip outs

Happy Birthday to us!

Oak Services has just turned 19 years old! Wow, a lot has certainly happened and indeed changed in those years (including my hair colour!)

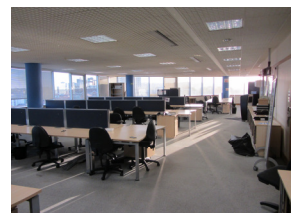

An ideal opportunity to Thank all of our clients for their valued loyal custom, many of whom we have worked with for a lot of that time. Thank You
