We're a SAFEcontractor!

We are very proud to announce that we have recently gained accreditation for the 'SAFEcontractor' scheme that recognizes strict high standards in health and safety within our industry.

Oak Services, have always taken their health and safety responsibilities very seriously and for several years have retained the services of a Health & Safety consultant to help ensure that we are compliant in every area.

From making sure that all machinery is inspected and tested on a regular basis, that staff have the correct protective wear, to making sure that the relevant risk assessments are carried out and recorded, its all part of the day to day running of OAK!

Who ever said it was 'easy' running your own business?

Television viewing and all that blah blah blah!

X Factor, Strictly Dancing, Britain's Got Talent, we all have our choice of TV viewing! But I happened to be watching 'The Muppets' on the box over the Christmas period and only then did I think that the two chaps in the balcony 'Statler and Waldorf' remind me of my father and uncle on one of their weekly rants about trains, buses, and everything else that they have time to discuss over coffee and cakes! Oh I don't want to get old too quickly!

We can now supply your new office shredder

For the smaller 'in house' shredding requirements we are now pleased to be able to offer a range of new shredders ranging from small personal, up to larger departmental shredding machines.

All shredding machines come complete with manufacturers warranty, delivery/installation and training. Call us today with your requirements!

Let's try & save the waste!

With all the waste that we create, there has to be a far better way!

Starting in the next edition of Oak News, we will let you offer your unwanted office furniture/items and anything else that you feel is too good to dispose of, to a good home.

Email me with the details of your items etc together with any photo's and let's see if we can find a new home for it! Also if there is something that you are looking for then let us know.

Email :glenn@oakservices.co.uk

Too much Christmas Sherry!

It is apparent that I must have indulged in far too much Christmas Sherry while writing the last edition of Oak News. Thank you to all of you who noticed the typo error's!
