Always use a Registered Waste Carrier - use OAK!

For the disposal of any waste items, from Confidential Waste Paper to old furniture and from old fridges to computers that no longer work, you should always use a reputable and registered waste carrier.

However, just because a contractor shows you a copy of their registration certificate, you should always satisfy yourself as to where your waste is actually ending up.

We have all heard of 'Rogue Traders' but please don't let your company be one of the next victims. Did you know that there is a fine for allowing an unregistered contractor to remove your waste?

The transfer of any waste must be recorded on a 'Waste Transfer Note' which we supply and should be signed by both parties. This should be kept on file for a minimum of 2 years.

If you have any waste to dispose of please call the office.

CERTIFICATE OF REGISTRATION UNDER THE CONTROL OF POLLUTION (AMENDMENT) ACT 1989

Regulation Authority		
Name:	E A National Customer Contact Centre

New range of confidential waste bins!

We are pleased to now be able to offer a new range of bins and crates for the collection of confidential waste paper.

We have a supply of 2 wheeled bins with 'locks and slots' which are ideal for the regular collection of your sensitive waste.

For 'one-off' requirements we have sacks and security ties and can also provide you with secure lidded crates.

DID YOU KNOW?

* On average, 16% of the money you spend on a product pays for the packaging, which ultimately ends up as rubbish.

* Glass is 100% recyclable and can be used again and again.

* 12.5 million tonnes of paper and cardboard are used annually in the UK.

* Aluminium cans can be recycled and ready to use in just 6 weeks.

* About 90% of each TV or Monitor is recycled, leaving only 10% for disposal
